## I. REASONS FOR THE SUPPLEMENT

In the following, the Issuer announces changes in relation to information contained in the already published Base Prospectus dated 21 September 2016 (the "**Prospectus**") by mentioning the respective reason for supplementing:

- (1) The text of the German Guarantee (as reproduced in Section XI. of the Prospectus) does not explicitly include the information which products are guaranteed under the guarantee and a reader must search laboriously to find this information. The German Guarantee covers only securities in the registry type of Dutch Uncertificated Securities, French Registered Securities and Italian Uncertificated Certificates. Therefore, the wording of the German Guarantee will be adjusted as described below. This inaccuracy occurred on 20 October 2016.
- (2) The text of the Swiss Guarantee (as reproduced in Section XII. of the Prospectus) does not explicitly include the information which products are guaranteed under the guarantee and a reader must search laboriously to find this information. The Swiss Guarantee covers only securities in the registry type of German Global Certificates, Swiss Uncertificated Securities, Danish Uncertificated Securities, Finnish Registered Securities, Norwegian Registered Securities and Swedish Registered Securities. Therefore, the wording of the Swiss Guarantee will be adjusted as described below. This inaccuracy occurred on 20 October 2016.
- (3) With respect to the description of "Factor Indices linked to shares, securities representing shares and other dividend-bearing securities" in Section IX.1. of the Prospectus, subsection "1.2 Reference Instrument List (shares, securities representing shares and other dividend-bearing securities)" the following new factor occurred:

Innogy SE (ISIN DE000A2AADD2) and Uniper SE (ISIN DE000UNSE018) shall be added as new Reference Instruments for Factor Indices linked to shares, securities representing shares and other dividend-bearing securities. This new factor occurred on 20 October 2016.

- (4) With respect to the description of "Factor Indices linked to shares, securities representing shares and other dividend-bearing securities" in Section IX.1. of the Prospectus, subsection "1.2 Reference Instrument List (shares, securities representing shares and other dividend-bearing securities)", the following new factors occurred:
  - In connection with a reverse stock split of the company Alcoa Inc., the company also has announced the change of its ISIN. This new factor occurred on 6 October 2016;
  - The company ING Groep N.V. has announced the change of its ISIN. This new factor occurred on 22 July 2016.

Due to the above mentioned reasons the Prospectus needs to be amended as laid out in the following section.
